

IMSvisual Membership application

About IMSvisual

The goal of IMSvisual is to improve research and patient care in multiple sclerosis and other neuroinflammatory disorders by advancing our understanding of the visual system. For detailed information about IMSvisual please visit our website at www.imsvisual.org.

About the membership

Membership is free, voluntary and can be cancelled any time. Members can participate in IMSvisual activities and will be regularly updated on IMSvisual proceedings. Membership is restricted to individuals who published IMSvisual relevant research in the last three years or who have recommendations from at least two existing members.

About the applicant
